About SAPAAC

Do you know who the other Asian Pacific American alumni from Stanford are in your area? Would you like the opportunity to meet them and make new acquaintances? Do you want to be kept up-to-date on current events at Stanford, especially events of interest to the APA community? Would you like to ensure APA students are provided with a rich and diverse campus environment? If you answered "yes" to any of these questions, then SAPAAC is for you!

Besides serving as a channel of communication between its members and the Stanford campus, SAPAAC (pronounced SAY-pak) also provides avenues of interaction for APA alums through the multitude of social, cultural, and educational programs we sponsor throughout the year. If you are looking for an alumni club that specifically addresses the issues of Asian Americans, then we invite you to join SAPAAC today!
